Nationwide Service

Alliance Roof Coatings

Energy Savings - Waterproofing

Quality Coatings Since 1970

Energy-Star Rated Roof Coatings

Premier Roof Coating Services

Alliance Roof Coatings provides innovative solutions in the arena of building maintenance. Our roof coating systems are "paint on" and serve as a "rubber-like" membrane to stop leaks, prevent further deterioration while conserving energy and extending the life of your roof.

Our coatings are versatile and can be used on virtually any type of roof surface including built-up, flat asphalt, gravel, clay tile, single-ply and metal. We even offer a roof coating system for shingle roofs. Whether sloped or flat, our coatings will provide a waterproof protective barrier.

Since 1970, Alliance has distinguished itself with a multitude of completed projects. With our nationwide service, Alliance has earned the reputation as being one of the premier commercial specialty trade contractors in the United States.

Our client list is large and includes Fortune 500 companies, government agencies, small businesses and many homeowners throughout the U.S.

Green Roofing

Alliance is committed to environmentally sensitive and energy efficient roofing materials. We are a member of the U.S. Green Building Council and strong proponents of "green" building & supplies.

One of the greatest benefits of a *green* building is its reduced use of electricity and energy which can reduce dependency of fossil fuels. Our roof coatings are engineered for energy savings. They have the highest reflectivity available and include insulating technologies.

We only use *Energy-Star* rated roof coatings that produce cool roofs. Reflective roof materials are designed to reflect ultra-violet rays keeping your building cool. Alliance will instantly turn your building into an energy saving asset with a measurable return on investment.

Alliance is your single-source provider of product, installation, service and ongoing maintenance. Our warranty is the best in the roofing business offering a **Lifetime** of worry free protection.
